

SACHINI ALWIS

SW Test Engineer

About Me

Detail-oriented Software Quality Assurance Engineer with 7+ years of experience in manual testing and hands-on test automation. Strong background in web and mobile application testing, CI/CD-supported automation, and Agile/Scrum delivery models. Experienced working with international teams and EU/UK-based clients, ensuring high-quality, reliable, and scalable software solutions. Known for a structured approach, clear communication, and continuous improvement mindset.
